Parking Policy

Parking Policy

1 Introduction

1.1 This policy outlines the process for parking and the issuing of parking permits at Graduate Accommodation sites only. The Universities parking sites and policies are separate for their parking areas.

1.2 As per the Universities Sustainability aims, Graduate Accommodation encourages tenants to make use of public transport, especially as Oxford has excellent bus services and very good cycle routes. For this reason, most students find they do not need a car.

1.3 For information on public transport options please visit: - https://www.ox.ac.uk/students/life/travel

3.3 Students with regular (most weeks throughout the year) course related activity which cannot reasonably be reached by public transport.

In exceptional circumstances, access to parking for limited periods may be provided to those who fall outside these eligibility criteria.
